DETAILED ACTION

Abstract

The new abstract filed 2/28/05 is objected to because phrases which can be implied, such as "is provided" (see line 2) should not be present therein. Correction is required. See MPEP § 608.01(b).

Double Patenting

Claims 1-4, 8-10 and 17 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-4, 17 and 18 of U.S. Patent No. 6,729,786. Although the conflicting claims are not identical, they are not patentably distinct from each other because the patented claims anticipate the pending claims and anticipation is the epitome of obviousness.

Allowable Subject Matter

Claims 5-7 and 18-20 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
